

Preserving America's Heritage

August 26, 2005

Denver Landmark Preservation Commission
201 W. Colfax Avenue
2nd floor, Dept. 209
Denver, CO 80202

Dear Fellow Preservationists:

Mrs. Laura Bush, Honorary Chair of *Preserve America*, recently announced details of a key new component of the Administration's *Preserve America* initiative: the *Preserve America* Community Neighborhood designation. Denver is one of only about 90 cities in the country that can take advantage of this new preservation opportunity.

Preserve America is a White House initiative that encourages and supports community efforts to preserve and enjoy our priceless cultural and natural heritage. A major component of the initiative is the *Preserve America* Community Program. This designation program recognizes communities that protect and celebrate their heritage, use their historic assets for economic development and community revitalization, and encourage people to experience and appreciate local historic resources through education and heritage tourism programs. However, larger metropolitan areas, such as Denver, tend to have distinct historic neighborhoods that are essentially communities within the larger urban area. The *Preserve America* Community program has therefore been expanded to permit designation of historic neighborhoods in communities with populations of over 200,000.

Benefits of designation include: White House recognition; eligibility to apply for funding under the *Preserve America* Grants Program; a certificate of recognition; a *Preserve America* road sign; authorization to use the *Preserve America* logo on signs, flags, banners, and promotional materials; listing in a Web-based *Preserve America* Community directory; inclusion in national and regional press releases; official notification of designation to State tourism offices and visitor bureaus; and enhanced neighborhood visibility and pride.

Four quarterly *Preserve America* Community application cycles occur each year, and the next application deadlines are September 1 and December 1. A sample *Preserve America* Community Neighborhood application form is enclosed. It is also available at www.preserveamerica.gov, where you will also find additional information on the overall program.

COMMUNITIES PROGRAM: 2005 NEIGHBORHOOD APPLICATION

BACKGROUND

Preserve America Community designation can be granted to municipalities, counties, unincorporated communities within counties, federally recognized Indian tribes, and neighborhoods within cities with a population larger than 200,000 people. This application is for use by neighborhoods; another application for other communities, including tribes, is available at www.PreserveAmerica.gov/communities.html.

Preserve America is a White House initiative developed in cooperation with the Advisory Council on Historic Preservation (ACHP) and the U.S. Departments of the Interior, Commerce, Agriculture, and Housing and Urban Development. It highlights the efforts of the President and Mrs. Bush to preserve our national heritage. It has several components, one of which is the designation of *Preserve America* Communities.

Preserve America Community designation will be granted to neighborhoods that meet three general criteria:

- The neighborhood, in partnership with the city government, has recently supported a historic or cultural preservation project that promotes heritage tourism or otherwise fosters economic vitality, and involves a public-private partnership between government entities and at least one civic association, nonprofit, and/or business enterprise.
- The neighborhood has recently adopted a resolution or policy statement indicating its commitment to the preservation of heritage assets within the neighborhood.
- The neighborhood meets at least five criteria specified in three broad categories: discovering heritage through historic places, protecting historic resources, and promoting historic assets.

APPLICATION PROCESS

Copies of the application form, a list of deadlines, and links to information on some previously designated communities can be found at www.PreserveAmerica.gov/communities.html. Requests for information or forms also can be made by calling the ACHP at (202) 606-8503, or by e-mailing PAcommunities@achp.gov.

Applications are received and reviewed by ACHP staff for completeness. Complete applications are shared with the National Park Service (NPS), and sometimes other agencies, for their independent review.

Neighborhoods with incomplete or unclear applications may be contacted by ACHP staff for additional information or clarification.

When an application is judged complete by the ACHP and NPS, the name of the neighborhood is added to a list pending the next announcement of designated *Preserve America* Communities. Announcement of designated *Preserve America* Communities will take place several times a year and may be made by official letter, at a public event, or by press release. Designated neighborhoods will be informed in advance of the pending public announcement so that they can arrange for appropriate publicity and local notification.

Attached to your application, please provide the name and title of the head of your local Convention and Visitors' Bureau and of your State tourism office, as well as both mailing addresses. If your neighborhood is designated as a *Preserve America* Community, the ACHP will formally notify them of your designation.

Guidelines

HELPFUL HINTS FOR PREPARING SUCCESSFUL APPLICATIONS

Neighborhoods should follow some simple guidelines when preparing their applications for *Preserve America* Community designation to ensure that their applications are complete and can be processed in a timely manner (item numbers refer to sections of the application form):

Item 1: Be sure to consult with your State Historic Preservation Officer while developing your application.

Item 2: Only neighborhoods in cities or consolidated cities-counties with more than a population of 200,000 may apply with this form. Be sure that your neighborhood fits into one of the categories set forth and remember to provide a map of the neighborhood.

Items 3, 7, & 8: The applicant that signs and submits the application may be from the parent city, or a non-profit organization or governmental body representing the neighborhood. The mayor or equivalent elected governing official of the parent city or consolidated city-county government must signify his or her endorsement of the application by signing in Section 8.

Item 4A: The project you select to feature needs to be one that has been supported by the neighborhood within the last three years. Make sure the project description includes information on the public and private partners involved and their roles, and clearly documents how the specific project has promoted heritage tourism or economic vitality in the neighborhood. Any data you can share on the economic or other impacts of the project is desirable. Please note that a history of the neighborhood or a list of projects supported over the years does **not** meet this criterion. However, such information is welcome as supplementary material.

Item 4B: The required resolution or policy statement should be recent and specific to the *Preserve America* initiative, or should be comprehensive and current enough (within the last five years) to show the neighborhood's present commitment to the preservation of its heritage assets and the goals of the program. The resolution or policy statement must be accompanied by a written endorsement from the local elected official who directly represents the neighborhood, namely the pertinent member of the city council, city commission, board of supervisors, etc., as appropriate.

Item 4C: Neighborhoods should carefully read through the additional criteria for designation and ensure that they adequately document how they meet **at least** five of the criteria, including at least one from each of the three categories (discovering heritage through historic places, protecting historic resources, and promoting historic assets). If there is any question about how well the neighborhood meets one of the five selected criteria, then the neighborhood should provide information on more than five. Neighborhoods should feel free to contact ACHP staff if they have a question about how they fulfill and document specific criteria.

Item 4C(5): The “local governmental body, such as a board or commission, charged with leading historic preservation activities within the neighborhood” should be specifically authorized or established by the local government to carry out its duties. Non-profit or quasi-governmental organizations with ex-officio membership of a governmental representative do not meet this requirement unless they have a recognized role under governmental charter or ordinance. The purview of this governmental body may be larger than the neighborhood, as in the case of a city preservation commission that provides government leadership for preservation in multiple neighborhoods.

Item 4D: Neighborhoods are asked to submit three to five color images, 4" x 6" or larger, or provide digital color images on a CD with a resolution of 300 dpi or greater, that help illustrate their neighborhood's character and involvement with preservation. Please provide captions and credits for these images. The images may be used on the *Preserve America* Web site or for other publicity purposes, which will increase the visibility of the neighborhood.

Item 5: Additional materials are strongly encouraged, since applications will certainly be enhanced with a showing of neighborhood interest and involvement through letters of endorsement and illustrative materials. However, they are not required.

Items 6 & 7: Make sure to read the release authorization, and sign and date the application.

Item 8: Be sure to obtain the signature of the mayor or equivalent elected official of the parent city indicating his or her endorsement of the application.
